

Carpets

Carpets - Our newly refurbished carpet showroom on Central Drive, offers, we believe, the best selection of carpets and floorcoverings on the Fylde Coast. With over 50 years experience in the flooring trade and our newly formed partnership with Flooring One, we are able to offer a superb range of carpets from the leading manufacturers at very competitive prices, backed up by our unique Flooring One warranty package for peace of mind. We have recently become a member of the Carpet Foundation a body for the independent carpet retailer which now has recognition from The Office of Fair Trading.

The Flooring One website shows our best selling carpet ranges, as well as our best selling vinyls and rugs.

We have also included our main suppliers web sites within the 'Links' section on our home page, enabling you to see many more of our available ranges. Should you require any further information on carpets you can obviously contact ourselves or you may wish to visit The Carpet Information Centre website which will answer many of your questions on carpets.
